Welcome to Teleport Massive

Congratulations on joining the team that will revolutionize transportation. At Teleport Massive, we're not just building technology—we're redefining the laws of physics.

Our Mission

To study quantum entanglement and scale quantum teleportation from mini to macro, revolutionizing transportation and making distance irrelevant.

Company History

The Founding (July 1, 2025)

Teleport Massive was founded by Dr. Elena Voss (CEO) and Dr. Marcus Chen (CTO) with \$2M in seed funding and a vision to make quantum teleportation a reality.

Key Milestones

Date	Event
July 2025	Company incorporated
January 2026	First major hiring push—3 Lead Scientists
January 13, 2026	The Quantum Incident (TM-TX-8472)
2026+	Scint System development begins

Organizational Structure

Departments

- **Executive** — Strategic leadership
- **Research & Development** — Core quantum research
- **Operations** — Day-to-day facility management
- **Safety & Compliance** — Protocol enforcement

Key Personnel

Dr. Elena Voss
CEO & Co-Founder
PhD Quantum Physics, MIT

Dr. Marcus Chen
CTO & Co-Founder
PhD Experimental Physics, Stanford

Safety Protocols

⚠️ CRITICAL SAFETY INFORMATION

All employees must complete quantum safety training before accessing research areas. Failure to comply may result in existential discontinuity.

Facility Access Levels

Level	Areas	Clearance Required
Green	Administrative, Common Areas	Standard Badge
Yellow	Research Labs	Safety Training + Supervisor
Red	Quantum Chamber	Executive Approval
Black	Site-Delta-9 Core	Board Authorization

Prohibited Activities

- Prayer or metaphysical petition on premises
- Unauthorized quantum state observation
- Personal teleportation experiments
- Discussion of “The Incident” outside secure channels

Code of Conduct

Core Values

- Integrity** — We pursue truth, even uncomfortable truths
- Innovation** — We push boundaries responsibly
- Safety** — We protect our people and reality itself
- Collaboration** — We achieve more together

Dress Code

Business casual in administrative areas. Lab coats and safety gear required in research zones. No loose clothing near quantum apparatus.

Benefits

- Competitive salary with equity options
- Health, dental, and existential insurance
- 401(k) with company match
- Unlimited PTO (use responsibly)
- On-site cafeteria and meditation room
- Teleportation discount (when available)

Welcome to the future. Welcome to Teleport Massive.
