

TELEPORT MASSIVE

D&D 5e Campaign Setting | One-Pager

The Premise

Players are employees of **Teleport Massive**, a corporation on the cutting edge of quantum teleportation technology. When experiments go wrong, reality itself fractures—and it's up to the team to stabilize the Scints before everything unravels.

Setting: Site-Delta-9

A sprawling underground research facility where the laws of physics are more like guidelines.

Key Locations:

- Quantum Chamber 7 (where it happened)
- The Cafeteria (suspiciously normal)
- Executive Floor (restricted)
- The Void Room (don't ask)

Starting Adventure

"The Quantum Incident"

During a routine teleportation test, researcher Sarah Chen vanishes—and reappears in three places at once. The Scint alarms are screaming. Reality is fracturing. The players have 1 hour before the fracture becomes permanent.

Objectives:

- Find all three Sarah Chens
- Determine which one is "real"
- Stabilize the Scint
- Survive whatever's coming through

Key NPCs

Dr. Elena Voss	CEO. Knows more than she says.
Dr. Marcus Chen	CTO. Obsessed with the science.
Sarah Chen	Test subject. Traumatized. Multiple.
Aziah Calderon	Head of R&D. Pragmatic.

Character Options

Backgrounds:

- Quantum Researcher (INT)
- Security Officer (STR)
- Corporate Spy (DEX)
- Ethics Board Member (WIS)
- IT Specialist (INT)
- Cafeteria Worker (CHA)

Scint Mechanics

When players encounter a Scint, roll a d20:

1-5	SYNTAX_TEAR: Environment glitches
6-10	LOGIC_FRACTURE: Paradox spawns
11-15	HALLUCINATION: False memories
16-19	Minor stabilization
20	Perfect collapse—bonus loot

SAFETY_VOID (nat 1): Something comes through. Roll initiative.

Unique Items

- Quantum Badge** (+1 Persuasion with TM employees)
- Scint Detector** (Alerts within 30 ft)
- Stabilization Syringe** (One-use Scint fix)
- Chen's Journal** (Plot device)

The Big Secret

GM EYES ONLY

The Quantum Incident wasn't an accident. Someone—or something—is using Teleport Massive's technology to punch holes in reality. The Scints are getting worse. And whatever's on the other side is trying to get in.

Campaign Hooks

- The CEO is receiving messages from "future self"
- Employees are reporting memory loss
- The cafeteria food is too good (why?)
- Someone's been living in the Void Room
- The LHC connection (September 10, 2008)
