

Showybox Package Demo

Showybox creates colorful and customizable boxes for Typst documents.

Basic Usage

Hello world! This is a basic showybox with default styling.

With Title

Important Notice

This showybox has a title. Great for callouts and notes!

Custom Colors

Red Alert Box

This is a red-themed showybox with custom colors for the border, title background, and body background.

Information

A blue-themed information box.

Success

A green success notification box.

With Shadow

Shadowed Box

This showybox has a subtle shadow effect for depth.

Dashed Borders

This box has dashed borders!

Multiple Sections

Multi-Section Box

First section of content.

Second section - automatically separated.

Third section with more content.

With Footer

Box with Footer

This showybox includes both a title and a footer section.

Source: Typst Universe

Boxed Title Style

Floating Title

The title appears as a floating box above the main content!

Custom Styling Examples

A box with gradient-colored thick border and rounded corners.

Square corners for a more formal look.

Nested Boxes

Outer Box

Content in the outer box.

Inner Box

Nested showybox inside another!

More content after the inner box.
