WAFt: SCIENTIFIC LEARNING SYSTEM

WHAT WE BUILT

A system that **studies itself** and learns from each generation. The one-pager tool now uses Study Gym to analyze what happened and document findings.

KEY ACHIEVEMENTS

Study Gym Integration

- Generate PDF first, then study what happened
- Documents findings and recommendations
- Applies corrections based on scientific analysis

Banned Words System

- Word restriction enforcement system
- Removed "manifesto" → "report" across codebase
- Global command: `waft-one-pager-chat`

Evolutionary Features

- Mapped ALL evolutionary features
- Currently using ~30% (SPAWN, genome IDs, lineage, fitness)

SCIENTIFIC WORKFLOW

1. PREDICT - Generate PDF first

TOOLS

GLOBAL COMMAND

```
waft-one-pager-chat
```

PHILOSOPHY

> "Physical constellation of crystallized knowledge inside spacetime through the refraction of light"...

Output: `workefforts/onepagers/[title][date].pdf`

Note: This document has been condensed for one-pager format. Full content available in source.
