

ENHANCED CHECKLIST WITH UMBRA SHADOWS

**THIS EXAMPLE DEMONSTRATES UMBRA PACKAGE
INTEGRATION FOR VISUAL DEPTH.**

Visual Enhancement Demo

Umbra shadows add depth and visual interest

ENHANCED SECTIONS

SHADOW EFFECTS

Umbra provides gradient shadows along
path edges Check
Shadows can be customized with radius and
colors Check
Perfect for creating depth in flat designs.....
Check
Works with any closed path shape Check

END

VISUAL APPLICATIONS

Highlight important sections Check
Create neumorphic design elements ... Check
Add depth to borders and frames Check
Enhance readability with subtle shadows.....
Check

END

TECHNICAL DETAILS

CONFIGURATION

shadow-radius: Controls shadow size
(default 0.5cm) Check
shadow-stops: Gradient colors (default gray
to white) Check
correction: Corner rounding factor (default
5deg) Check
Vertex order defines shadow direction.....
Check

END

Umbra shadows work best with closed paths. Reverse vertex order if shadow appears on wrong side.
