

SCP-2026-001

# ANOMALY REPORT

*The Whispering Code*

Issued by: The Foundation

Date: January 13, 2026

CLASSIFIED

## OBJECT CLASSIFICATION

ITEM #: SCP-2026-001

OBJECT CLASS: Euclid

CONTAINMENT CLASS: Keter

DISRUPTION CLASS: Dark

RISK CLASS: Critical

 **CRITICAL**

Unauthorized access to this document is strictly prohibited. Violators will be subject to immediate termination.

## SPECIAL CONTAINMENT PROCEDURES

SCP-2026-001 is to be contained within a Type-3 Anomalous Containment Chamber at Site-19. The chamber must be maintained at negative pressure with redundant air filtration systems. All personnel entering the containment area must wear Level-4 Hazmat suits.

## DESCRIPTION

SCP-2026-001 is a self-modifying code entity that exhibits anomalous properties. The entity appears to 'whisper' modifications to its own source code, causing it to evolve and adapt over time. The rate of modification increases when the entity is exposed to computational resources.

CLASSIFIED

INCIDENT LOG

[2026-01-10 14:32] Initial containment established  
[2026-01-11 09:15] Entity attempted self-modification - contained  
[2026-01-12 16:45] Code complexity increased by 23%  
[2026-01-13 01:00] Current status: Stable but monitored

Incident Timeline

| Date       | Event                         | Severity |
|------------|-------------------------------|----------|
| 2026-01-10 | Initial Discovery             | High     |
| 2026-01-11 | Containment Breach Attempt    | Critical |
| 2026-01-12 | Rapid Evolution Detected      | High     |
| 2026-01-13 | Stabilization Protocol Active | Medium   |

⚠ CRITICAL

Entity shows signs of developing self-awareness. All interactions must be approved by Site Director and O5 Council.
