WAFt ACHIEVEMENTS: SCIENTIFIC LEARNING SYSTEM

THE STORY

Built a scientific learning system that studies itself. **Evolved** one-pager tool to use Study Gym for self-improvement. **Result:** System that learns from each generation and documents findings.

KEY ACCOMPLISHMENTS

Study Gym Integration

- One-pager now uses Study Gym to analyze each generation
- Generates first, then studies what happened
- Documents findings and recommendations
- Applies corrections based on scientific analysis

Banned Words System

- `BannedWordsSystem` for word restrictions
- Removed "manifesto" → "report" across codebase
- Global command: `waft-one-pager-chat`

Evolutionary Features Inventory

- Mapped ALL evolutionary features (~30% currently used)

SCIENTIFIC APPROACH

New Workflow:

1. PREDICT - Generate PDF first

TOOLS & COMMANDS

`waft-one-pager-chat` # Global command

PHILOSOPHY

> "Physical constellation of crystallized knowledge inside spacetime through the refraction of light"...

Output: `workefforts/onepagers/[title][date].pdf`

Note: This document has been condensed for one-pager format. Full content available in source.

NOTES
