QUANTUM LOG

ENTRY // SITE-

DELTA-9

SYSTEM STATUS: CRITICAL

Subject: Sarah Chen

Transfer ID: TM-TX-8472

Status: MULTIPLE EXISTENCE CONFIRMED

QUANTUM FLUCTUATION DETECTED

The math was wrong. The simulations were wrong. Reality itself was wrong.

At 02:16:18 PST, the quantum field didn't just fluctuate. It **fractured**.

Sarah Chen didn't teleport. She **multiplied**. Not copies. Not duplicates. **Real instances**. All of them. Simultaneously.

CONSCIOUSNESS NETWORK ESTABLISHED

17 locations. 12 facilities. One person. Multiple existences.

Each instance maintains perfect memory continuity. Each instance is conscious. Each instance is **real**.

IMPLICATIONS

Death: OPTIONAL

Identity: FLUID

Reality: NEGOTIABLE

DECISION

TELEPORT MASSIVE has transcended teleportation. We've achieved quantum consciousness distribution. We've made the impossible, inevitable.
