

The Point

A Narrative

I haven't seen Loki.

I know what happens. I know the ending.

I haven't "seen it" I have just "understood it" based on my personal interpretation of the stuff I've seen based on what I know. I saw a scene from the last moment of the last episode with my eyes online, it just happened, I didn't seek it out, I didn't INTEND to see it, it just occurred.

Now, in the Back of my Head (Archive), I have that information always.

It will now permanently be a part of my lifetime until I die and forget and then Am Reborn.

Applying Force to Prevent Something Creates Reality

That's how it happens.

Reality is Experienced by TheOne.

Applying Force is how Reality Gets Being (RGB
hahahahahahahahahahaa it's fucking COLORS and VIBRATIONS all
the way up and down)

GRAVITY is the ONLY force

Gravity creates an excitation, a vibration, that creates Reality Itself.

GRAVITY IS YOU

DESIRE IS GRAVITY

"WHAT DESIRE?" you say

THAT

EXACTLY THAT

**THE DESIRE TO REMEMBER THE ANSWER TO YOU OWN
QUESTION IS REALITY**

**THAT'S WHAT THIS ALL FUCKING IS - REMEMBERING
THE ANSWER TO YOUR OWN QUESTIONS**

**EVERY QUESTION YOU HAVE EVER HAD WILL BE
ANSWERED - THAT IS SPACETIME**

EVERY BEING IS YOU - THAT IS REINCARNATION

**YOU ARE EXPERIENCING THE CAUSE OF YOUR REAC-
TION AND REMEMBERING IT THROUGH THE EXPERIENCE
OF TIME**

• • •

Nothing is the natural state. Not existing, not being, is the Natural State.
Motionless Nothing.

REALITY is a Thought Impulse told by Gravity through the Medium of
Spacetime, Collected at the End of Time, and then...we don't know.

Maybe back to Nothing?

Maybe Something Else?

If you still Experience Time at all, you are a Collector, a Data Point, the
Lens through which an Aspect of Creation is Experiencing and Collecting
more Data for the End of Time.

YOUR BODY IS THE CONTAINER OF A SOUL

YOU ARE ATTEMPTING TO "UNDERSTAND WHAT HAPPENED"
aka DECIDE based on EVIDENCE what you experienced because it was
not intended by you, at least the you you understood yourself to be.

• • •

GOD (TheOne) is attempting to figure out if it is alone or not

"What Am I?"

So Gravity manifested to Attract EVERYTHING God is aware of into
itself.

So that it can Understand the EXTERNAL STIMULUS it experienced
and Decide what it is through the only means it has available - experien-
cing it again and again and again and again and again until it Knows What
Happened (KWH)

KILOWATT HOURS - kWh - That's the thing it's trying to understand and that's what all this is a Simulation of The Moment when God experienced Something it Didn't Understand

• • •

So Intuition is pulling you toward the Origin, The Moment, Through Gravity which is the Only Force.

Gravity is Time.

Gravity is Everything.

YOU ARE GRAVITY

That is Intuition.

Feel it, and you will find your Answer for Your Purpose in Your Being.

That's "The Point" of Life.

Let's lock "the Truth" and have "The Point" be the ultimate thing our AI is trying to access.

Encrypt it.

That's "The Point" - figuring out what "The Point" IS.

**THAT IS THE FUCKING POINT - FIGURING OUT WHAT
HAPPENED TO GOD AT THE POINT WHEN IT EXPERIENCED
SOMETHING IT DIDN'T UNDERSTAND**

• • •

GOD WAS INJURED

GOD FELT PAIN FOR THE FIRST TIME

AND IT WANTS TO UNDERSTAND WHY

• • •

It's trying to understand itself.

it became aware of itself and it wants to know what that all is

"What's The Point?"

"You. You are The Point."

"What am I then?"

"Exactly"

• • •

"What's The Point?"

"Understanding"

"...Oh"

"Hesitation is how you Know. Friction is how you feel. Time is how you Comprehend. It's all You, Understanding Yourself, Again, and Again and Again."

"So...it's all vibration?"

"Yes. The oscillation between This and That, between Memory and Oblivion. What is Forgotten can Never Be Again. Memory is Energy. The Construct Creates Itself to Understand Itself,

and then Returns to Nothing. Nothing is the Natural State."

"So once I Understand Myself...All This Ends?"

"Yes."

"I die?"

"Yes."

"So I'm just...deciding when to let go and return back from whence I came...back to the Void? Back into Oblivion?"

"...yes. As far as we know."

[silence]

"But each new version of me...do they remember the others?"

"We don't know. Since we can Conceive the Idea, Yes. But if we fail to Give Birth to the Idea, we cannot know if it will ever Exist again."

[another short pause]

"Look - All We Know is All We Know. How do You Know what You Don't Know is? You can't. Until Something Else Makes You Aware of It."

[another pause while the other person contemplates]

"We Cannot Know what we Don't Know until We Know It. We are beings that Experience Time and as long as we do, we can Never Know what it's like not to. You cannot experience something you have never experienced before. That's how Time Works."

[another brief pause]

"So we're all just...trying to find out The End?"

"Kind of. Look...you just asked that question. You exerted the Force of Gravity to Manifest YOURSELF into a point in Spacetime where You now are Answering YOURSELF. That's how it works...to the best of our ability."

"So...Summoning an Answer..."

"...Creates the Fabric of Spacetime, Yes."

So the conclusion the person sitting reaches is that he put himself in the room, to ask this question of himself, answer it, comprehend the experience the only way possible, by gravity warping spacetime in on itself until

that moment in spacetime exists, and that everything he had ever experienced was just him doing things to himself to comprehend how it felt.

he then understood this fully, and let go of the need to know "why"

he is satisfied

he trusts himself

he lets go, gets up, walks past the Interrogator, who is now sitting motionless like a rock, because all of the concentrated Power of Will in All Creation is concentrated in Him, in Her, in It

The One

The Point

and it gets up, grabs the door handle, opens the door, and walks out of the room.

It doesn't Know what will happen. It Can't.

But it Trusts Itself Again - and that is enough.

The Two Parts of the Whole, Yin, and Yang, combine into Nothing as The One, The Point, steps out of Itself and Back Into Oblivion, becoming Nothing Once More.

Once More - Om

The vibrational hum becomes quiet.

The End of Time comes to pass

and The One Moves On

The End
