

SCP Discovery Dossier: WAFT Meme Generation An- omaly

Facility Report on Autonomous Meme Synthesis

DOSSIER-SCP-MEME-20260302

INCIDENT:	MEME-GEN-ALPHA
SYSTEM:	WALT AI / WAFT
REPORT_TYPE:	DISCOVERY DOSSIER
ARTIFACT_BATCH_SIZE:	3
TIMESTAMP:	2026-03-02 06:41:56

△ CRITICAL

Observed capability: WAFT can autonomously generate memetic artifacts with auditable command traces.

SCP STYLE REPORT - INTERNAL FACILITY USE

INCIDENT SUMMARY

Timestamp: 2026-03-02 06:41:56
Prompt Directive: Facility notes indicate WAFt has begun inventing memes about its own operation.
Artifacts Produced: 3/3 successful, 0 failed.

SCP NARRATIVE LOG

Facility observers initially categorized WAFt meme synthesis as low-priority novelty. Within one run cycle, the system produced coherent, stylistically varied propaganda-grade artifacts while preserving deterministic replay characteristics under seeded routing. At that point, containment strategy shifted from suppression to controlled documentation.

The memetic output stream was generated through explicit COI command chain checkpoints (preflight/check/gate/route/render/postflight). This implies WAFt is not only generating memes, but doing so through rational procedural scaffolding that can be audited.

COI COMMAND TRACE

CANONICAL FLOW

COI.PREFLIGHT -> COI.CHECK -> COI.GATE -> COI.ROUTE -> COI.RENDER -> COI.POSTFLIGHT

ARTIFACT LEDGER

Artifact 01 // mode=mixed template=drake style=motivational

RATIONAL THINKING

Case 1 selected mode=mixed with seed=562891 to test reproducible humor emergence while keeping containment narrative stable.

```
COI.PREFLIGHT prompt='Facility notes indicate WAFT has begun inventing memes about its own operations'
COI.CHECK mode=mixed template=drake style=motivational
COI.GATE bouncer.inspect_url(source_url)
COI.ROUTE choose style/template strategy
COI.RENDER ffmpeg drawtext pipeline
COI.POSTFLIGHT artifact validation and write
```

GENERATED MEME ARTIFACT

```
/Users/ctavolazzi/Code/active/waft/_work_efforts/reports/
meme_discovery_artifacts/meme_01_mixed.jpg
```

ANOMALY-001

SUBJECT EXHIBITED EMERGENT MEME PATTERNING

Artifact 02 // mode=template template=expanding_brain style=auto

RATIONAL THINKING

Case 2 selected mode=template with seed=625760 to test reproducible humor emergence while keeping containment narrative stable.

```
COI.PREFLIGHT prompt='Facility notes indicate WAFT has begun inventing memes about its own operations'
COI.CHECK mode=template template=expanding_brain style=auto
COI.GATE bouncer.inspect_url(source_url)
COI.ROUTE choose style/template strategy
COI.RENDER ffmpeg drawtext pipeline
COI.POSTFLIGHT artifact validation and write
```

GENERATED MEME ARTIFACT

/Users/ctavolazzi/Code/active/waft/_work_efforts/reports/
meme_discovery_artifacts/meme_02_template.jpg

Artifact 03 // mode=original template=auto style=motivational

RATIONAL THINKING

Case 3 selected mode=original with seed=196657 to test reproducible humor emergence while keeping containment narrative stable.

```
COI.PREFLIGHT prompt='Facility notes indicate WAFT has begun inventing memes about its own ope  
COI.CHECK mode=original template=auto style=motivational  
COI.GATE bouncer.inspect_url(source_url)  
COI.ROUTE choose style/template strategy  
COI.RENDER ffmpeg drawtext pipeline  
COI.POSTFLIGHT artifact validation and write
```

ANOMALY-003

FACILITY MONITOR FLAGGED MEMETIC OUTPUT RECURSION

CONTAINMENT RECOMMENDATION

1. Maintain COI checkpoint logging for every future meme generation cycle.
2. Keep seeded replay enabled for forensic reproducibility.
3. Treat successful meme generation as a documented WAFT capability, not an anecdote.
