

NEURAL INTERFACE PROTOCOL

CONNECTION ESTABLISHED

Direct neural link activated. Brain-computer interface synchronized.
Uploading consciousness fragment...

DATA STREAM

```
neural_link.connect()  
brain.sync()  
upload(consciousness)  
transfer_rate = 1.2TB/s  
status = "SUCCESS"
```

WARNING

CRITICAL: Neural overload detected. Disconnect immediately if
experiencing: headaches, memory loss, or reality distortion.
