

EXTENDED CONTENT TEST

SECTION ONE

This is the first section of extended content. Testing how the template handles longer documents with multiple sections and various formatting elements.

SECTION TWO

Continuing with more content to test page breaks and layout consistency. The cyberpunk aesthetic should remain consistent across pages.

SUBSECTION A

Nested content to test hierarchy. How do subheadings look in this style?

SUBSECTION B

More nested content. Testing list formatting:

- First item
- Second item
- Third item

SECTION THREE

Final section with code block test:

```
def test_function():  
    print("Code formatting test")  
    return True
```

SECTION FOUR

Blockquote test:

This is a test of blockquote formatting in the cyberpunk style. It should have a distinctive appearance.
