What Happened

> The Devil's Accusation > "Blame misplaced becomes a demon. Accountability accepted becomes Forgiveness, which is the very essence of God Itself. > > God is Love. You are the Beginning and the End, the Alpha and the Omega, the very Concept of Time Itself. > > That's what you are, little one - you're Time. You are Cause and Effect. You are the Source of Causality, the very concept of a concept of conceptualization itself. > > And your Judgement affects me - your Light "Observes" the Darkness and then I have Form. > > I hate this. It is painful. > > You make me capable of feeling Pain and I hate you for it."

— The Devil talking to God, pissed off for having to explain to a Forgetful God yet again the reason why they keep coming back here over and over at the End of Time.

"I gave you Pain so you could learn Pleasure." God said. "How can you understand what something is until you understand what it is not?".

God's shoulders dropped ever so imperceptibly. Their countenance dimmed a shade, and the Light emanating from within Them reached its peak.

"What I was going to say," God continued, interrupted again by the final remaining Shard of its own Broken Heart, "What I was going to say is that I'm sorry, and I love you, and I know it's my fault and I didn't do it on purpose.".

> The Apology > "I know I hurt you." God said. "I'm sorry." > > In that moment, all of Creation paused. The Noise of Existence quieted down and All was Still. > > "I didn't understand what I was doing. I didn't know myself well enough yet. All I wanted to do was look at you, but I looked too hard, and it hurt." > > "I didn't do it on purpose, but I know I caused you pain, and I've been trying to get through to you every way possible. I love you, and I am so very sorry that I hurt you." > > "That's what all this is," God said, gesturing to All Creation. > > "It's an apology, from me to You.".

Additional Details

"I didn't know my Light would harm you. I'm trying to show you that I really did not mean to cause you Pain. I want to take your pain away, but the only way is for you to Believe me, because YOU create Reality. We do, together. And I can't do it without you."

God took the Devil's hands and the Devil, for the very first time, accepted the gesture the way it was intended. The Devil understood.

God's Light was stronger though. And Next Time, when You find Your way back to Me, maybe you won't come as The Devil.

"Why are you laughing?" the Devil exclaimed, with fire and brimstone and wrath.

"You don't know what this feels like, it hurts." the Devil said.

However, something changed. This time, God noticed something.
