Cards + Generated Art: The River King's Domain

Theme: Mixed Media: Cards + AI-Generated Images

Artistic Vision

This composition is designed to be layered with AI-generated images:

Layer 1 (Background): AI-generated image of New Orleans at night

- Jazz club exterior
- Mississippi River in background
- Neon lights reflecting on wet streets

- Generated using: Nano-Banana (Gemini) or PixelLab

****Layer 2 (Midground)**:** Card arrangements (this PDF)

- Cards floating above the scene
- Representing probability flows
- The River King's presence made visible

****Layer 3 (Foreground)**:** Additional card elements

- Individual cards as focal points
- Highlighting key moments
- Creating depth and composition

****Integration Method**:**

1. Generate background image (Nano-Banana: \"New Orleans jazz club at night, Mississippi River, neon lights\")
2. Generate character art (PixelLab: \"Mysterious figure in velvet jacket, card dealer\")
3. Overlay this card composition
4. Composite in image editing software
5. Final artwork: Mixed media card + AI art

Card Composition

This PDF contains the card elements that will be composited with generated images.

Integration Workflow

1. ****Generate Background Image****

- Use Nano-Banana (Gemini): \"New Orleans jazz club exterior at night, Mississippi River in background, neon lights, wet streets, atmospheric\"
- Or use PixelLab: Create pixel art scene

2. ****Generate Character Art****

- Use PixelLab: \"Mysterious card dealer character, velvet jacket, New Orleans style, pixel art\"
- Or use Nano-Banana: \"The River King, demi-god of gambling, New Orleans, mystical\"

3. ****Composite This Card PDF****

- Extract card images from this PDF
- Layer over background
- Position cards to create composition

4. ****Final Artwork****

- Mixed media: AI-generated images + card visualization
- Cards provide structure and meaning
- Images provide atmosphere and setting

Card Elements

The cards below represent the visual elements that will be integrated.
