Decision: Which project should we prioritize next?

Your Options

Build Poker Tools (AS)

Expand the poker visualization system with more features. High impact, medium effort.

Create Story Generator (KH)

Build a card-based story prompt system. Creative, fun, medium effort.

Tournament Bracket System (QD)

Create tournament management with visual brackets. High complexity, high value.

Hand Analysis Tool (JC)

Build poker hand strength calculator. Technical, useful, low effort.
