

The River King: Mixed Media Artwork

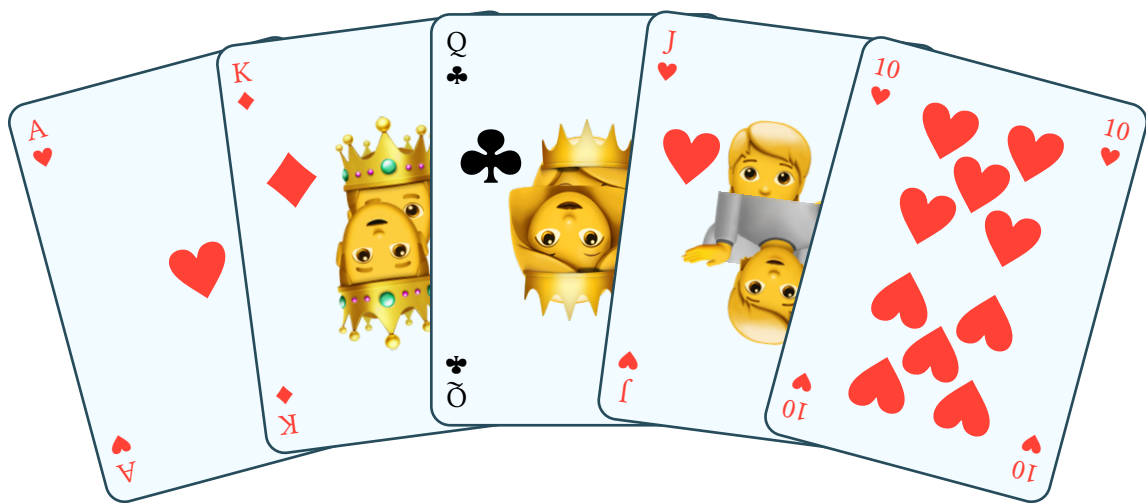

Game State

Player Hands

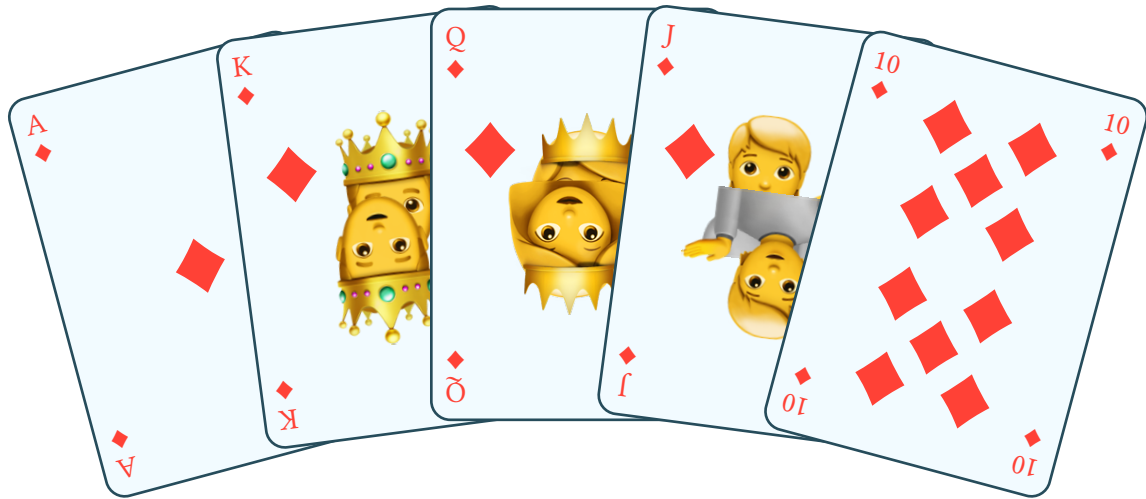

The Sacred Hand (Spades):

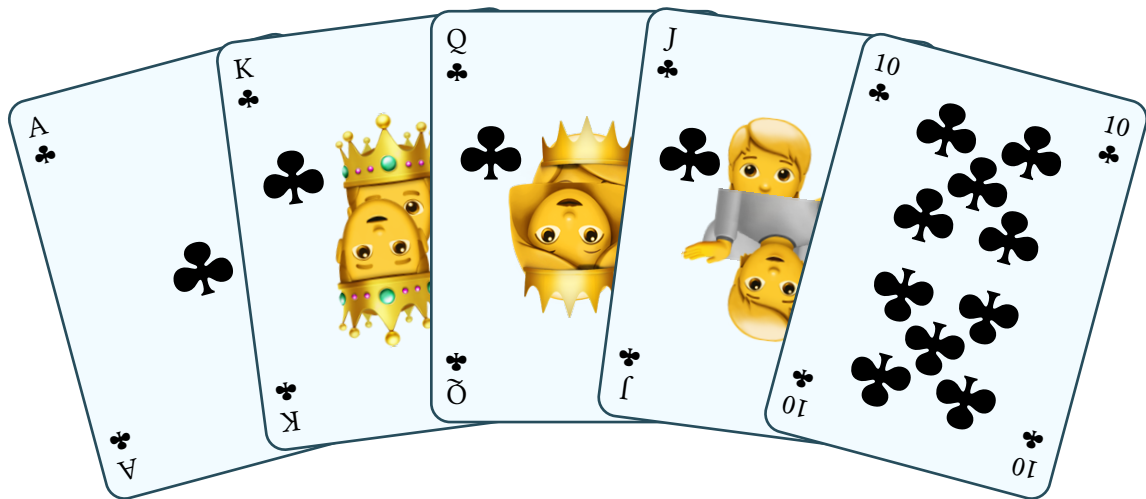

The Mirror Hand (Hearts):

The Stakes (Diamonds):

The Rules (Clubs):

Additional Content

The River King: Mixed Media Artwork

Cards + AI-Generated Images

****Created****: 1768866623.428005

****Medium****: Playing Cards + AI Image Generation

****Tools****: Deckz Poker + Nano-Banana (Gemini) + PixelLab

The Vision

Create a complete artwork of The River King using:

- ****Background****: AI-generated New Orleans scene (Nano-Banana/Gemini)
- ****Character****: Pixel art of The River King (PixelLab)
- ****Cards****: Visual card arrangements (Deckz Poker)
- ****Composition****: All elements layered together

Integration Workflow

Step 1: Generate Background Image

****Tool**:** Nano-Banana (Gemini API)

****Prompt**:**

New Orleans jazz club exterior at night, Mississippi River visible in background, neon lights reflecting on wet streets, atmospheric moody lighting, mystical atmosphere, cinematic composition, professional photography style

****Output**:** Background image saved to `\_temp\_pdf\_examples/river\_king\_background.png`

Step 2: Generate Character Art

****Tool**:** Pixellab

****Action**:** Create pixel art character

****Character Description**:**

- Mysterious figure in worn velvet jacket (color of river mud)
- Eyes that shift like the Mississippi
- Hands moving with jazz pianist fluidity
- Deck of cards that seems to shuffle itself
- New Orleans style, pixel art, 8-directional views

****Output**:** Character sprites saved to `\_temp\_pdf\_examples/river\_king\_character/`

Step 3: Create Card Composition

****Tool**:** Deckz Poker Visualization

****Purpose**:** Generate card arrangements as visual elements

The cards below represent The River King's power made visible.

Step 4: Composite Final Artwork

****Process**:**

1. Load background image
2. Position character art
3. Overlay card arrangements
4. Adjust opacity and blending
5. Final composite: Mixed media artwork

Card Elements

The cards represent The River King's essence:

- ****Spades**:** The river, the flow, time
- ****Hearts**:** The jazz, the passion, emotion
- ****Diamonds**:** The stakes, the wealth, material
- ****Clubs**:** The rules, the structure, mathematics

Tools Integration

Available MCP Tools

1. **Nano-Banana (Gemini)**
 - Generate photorealistic backgrounds
 - Create atmospheric scenes
 - Style: Professional photography
2. **PixelLab**
 - Generate pixel art characters
 - Create game-style sprites
 - 8-directional character views
3. **Deckz Poker**
 - Visualize card arrangements
 - Create card compositions
 - Generate PDF with card art

Integration Pattern

AI Image Generation → Card Visualization → Composition → Final Artwork (Nano-Banana)
(Deckz Poker) (Layering) (Mixed Media)

Example Prompts

Background (Nano-Banana)

New Orleans jazz club at night, Mississippi River, neon lights, wet streets, atmospheric, mystical, cinematic, professional photography

Character (PixelLab)

Mysterious card dealer, velvet jacket, New Orleans style, pixel art, 8 directions, mystical, gambling demi-god

Cards (Deckz Poker)

Royal Flush of Spades - The River King's sacred hand Royal Flush of Hearts - The mirror hand

Next Steps

To complete the artwork:

1. **Generate Background**:
Use MCP tool: `mcp_nano-banana_generate_image`
Prompt: `"New Orleans jazz club at night, Mississippi River..."`
2. **Generate Character**:
Use MCP tool: `mcp_pixellab_create_character`
Character description: `"Mysterious card dealer..."`
3. **Composite**:

- Use image editing software
- Layer: Background → Character → Cards
- Adjust blending and opacity
- Final mixed media artwork

*\ "The cards provide structure. The images provide atmosphere. Together, they create art.\ " *
